HOW THE PRICES COMPARE

Cromarty House, 1 bed (new conversion)	£90,000
Cromarty House, 2 bed (new conversion)	£110,000
Aberdeen, average flat or maisonette (ONS, August 2026, –6.1% in a year)	£95,000
Aberdeen City Centre, average flat sold in the last 12 months (Rightmove)	£94,973

City averages include older and smaller flats that need work. Prices across Aberdeen have been flat over five years (ASPC: +0.3% a year), so the case for these flats rests on rental income rather than price growth.
